If glamping isn't for you or you're limited by what is allowed at your venue, there are several other opportunities to incorporate our bell tents into your day. We can provide a beautiful space for your guests to unwind and relax when the dancefloor becomes too much.

We have multiple layouts that can work depending on how many guests you need to accommodate. We can also decorate according to your theme with bunting, balloons, dried floral arrangements, foliage and more.

As day becomes night, and your evening guests arrive, our bell tents light up and help to make your evening one to remember as you party the night away.

Absolutely awesome company! Victoria is so professional but also incredibly approachable and helpful. She couldn't have done more to accommodate our wishes. The tent itself was so beautiful with all of the extra decorations, rugs, cushions etc. and much bigger than we expected. A huge thank you, I cannot recommend enough and will definitely be using their services again at our next event.
